EXPERIENCE

Envrmt, Verizon Labs (Sep 2017-)

3D UX Designer

Conceptualize, design and prototype 360 and ARVR products for Verizon and Oath brands (Yahoo, AOL, RYOT). Research and build 3D UX for Envrmt's engine.

Viacom (Jun 2017-Aug2017)

Viacom VR Fellowship

Researched and developed interactive music-focused VR game. Designed interactions, storyboards and game mechanics.

Panasonic (Dec 2016-Mar 2017)

Product Designer

Conceptualized new Panasonic product that combined wearable technology with IoT home devices. Designed wireframes, user flows, mobile prototypes, animations for SXSW.

Electronic Arts (May 2016-Aug 2016)

UX Design Intern

Standardized design guidelines for EA's internal tools. Researched and rapidly prototyped game dashboards for all EA titles.

Neilas Inc (Mar 2015-Aug 2015)

Graphic Designer

The Spoke Club (Nov 2012-Aug 2013)

Graphic Design Intern
